

Blazer®

Blazer® Brass Ammunition Low Cost! American Made!

Blazer Brass brings shooters the reliability and quality of American-made ammunition built to U.S. industry standards, and it's backed by the stringent ISO certified quality systems at CCI. Blazer Brass is loaded in reloadable brass cases for added value. Standard Boxer-type primers and primer pockets mean you can reload Blazer Brass cases just like any other case.

Blazer Brass is loaded with a protected-base FMJ bullet. CCI primers insure reliable ignition, and we load clean-burning American-made propellants. Blazer Brass is available in 9mm Luger, 40 S&W, and 45 Auto calibers with standard-weight bullets.

Why take a chance on imported ammo that was made in a country you've never heard of when you can enjoy American technology and expertise? Blazer Brass is the perfect ammo product for low-cost practice and training.
