About Hoppe's

In 1903, Frank August Hoppe mixed nine chemicals and created the world's most effective gun cleaner. As a well-trained young soldier, Frank knew gun care went beyond a clean rifle, but actually helped ensure safety while on the front lines of battle. Since then, Hoppe's has emerged as the leading gun care company, growing alongside hunters, shooters, and soldiers who depend on their firearms every day. It has remained the most trusted name in gun care by advancing and evolving technologies to meet those needs. From the ever-popular and versatile No. 9 and the quick and easy BoreSnake, to the marvel of efficiency we call Gun Medic, Hoppe's is the only name you need to know for firearm cleaning and protection.
