FOR IMMEDIATE RELEASE

## **Butler Creek® Expands Featherlight Sling Lineup**

*New Camo and Single-Point Slings Add Featherlight Options for Shooters*

**OVERLAND PARK, Kan. – February 15, 2021** – Butler Creek®, maker of smart, field-proven hunting and shooting accessories, announced today that the company's Featherlight Sling [lineup](#) has been expanded with two new models perfect for today's hunters and shooters. Now, gun owners can select either a new camo option or a single-point sling option, which extend the Featherlight family of slings to six different models available for purchase.

Butler Creek's Featherlight Slings have been lauded by sportsmen and women for their lightweight, breathable and comfortable design. Now, hunters and shooters alike can pick up the newly released Featherlight camo sling, as well as a Featherlight Single-Point Sling that's perfect for AR platforms.

Butler Creek's traditional Featherlight Sling is now available in Pym1 MP camouflage, Pym1's most versatile hybrid camo pattern. This particular camo is designed for all-season use, from the whitetail woods to western big game hunts and everything in between.

The new [Featherlight Single-Point Sling](#) comes with all the best features of the Featherlight design, including the patent-pending lightweight, breathable and comfortable close cell foam construction, as well as adjustable straps, a large thumb loop and two built-in cartridge holders. Like all Featherlight slings, the new single-point option is standard with cut out slots that help to reduce trapped heat as well as provide a better grip on the user's shoulder.

In addition, the Single-Point Sling includes a bungee strap for extra shock absorption and quick-release buckles, as well as a HK-style snap hook and push-button swivel connectors. The quick-release buckles make it easy for shooters to quickly detach their rifle from the sling.

The 2-inch wide sling is also adjustable from 28 inches to over 33 inches long so it will fit just about any shooter.

The new Butler Creek Featherlight Sling in Pym1 MP camo has an MSRP of \$34.95 and the Featherlight Single-Point Sling has an MSRP of \$39.95.
