Federal Premium Announces All-New Grand Slam Turkey Loads

ANOKA, Minnesota – February 16, 2018 – Federal Premium announces all-new Grand Slam turkey loads that extend the range and enhance the lethality of lead payloads. The line includes new 10-, 12- and 20-gauge offerings in No. 4, 5 and 6 shot. Shipments are being delivered to dealers.

Grand Slam's FLITECONTROL FLEX wad system works in both standard and ported turkey chokes, opening from the rear for a controlled release of the payload and extremely consistent patterns. The high-quality copper-plated lead pellets are cushioned with an advanced buffering compound to provide dense patterns and ample energy to crush gobblers.

Features & Benefits

- FLITECONTROL FLEX wad ensures dense patterns through both standard and ported turkey chokes
- Copper-plated lead shot
- Buffering prevents pellet deformation for more consistent patterns
- Roll crimp and clear card wad keep buffering in place
- A portion of the proceeds are donated to the National Wild Turkey Federation
- 10-count pack

Part No. / Description / MSRP
