

FOR IMMEDIATE RELEASE

Federal Premium Adds New Load Options for Hi-Bird Upland Shotshells

ANOKA, Minnesota – August 21, 2018 – Federal Premium has added new shot sizes to its popular Hi-Bird line of upland shotshells. The loads combine speed, hard-hitting pellets and a specialized wad to fold the highest doves, crows and pigeons, as well as pheasants and the most challenging upland birds. This includes various new 12-gauge loadings of shot sizes No. 4, 5 and 8. Shipments of this ammunition are being delivered to dealers now.

The powerful Hi-Bird loads' two-piece wad features SoftCell technology to decrease perceived recoil and produce more consistent long-range patterns. Plus, its lead shot is engineered for the optimum blend of hardness and density. The result is dense long-range patterns with more downrange energy.

Features & Benefits

- New shot sizes available
- High-power 12-gauge loads maximize long-range lethality on pigeons, doves and upland game
- Two-piece wad features SoftCell technology to decrease perceived recoil and produce better, more consistent long-range patterns
- Lead shot is engineered for the optimum blend of hardness and density for even patterns and more downrange energy
- Perfect for the field or competition

Part No. / Description / MSRP

HVF12H 4 / 12 gauge, 2 3/4-inch, 1 1/4-ounce, 4 shot, 1,330 fps / \$12.95
