Big Game Can Run but It Can't Hide from Savage's New Model 110 Hog Hunter

WESTFIELD, Massachusetts – April 30, 2018 – Savage's hard-hitting new Model 110 Hog Hunter is as tough and versatile as the animals it's built to bring down. Shipments of these firearms are currently being delivered to dealers.

Length-of-pull is easily customized to fit any shooter for comfort and consistency, and the user-adjustable AccuTrigger provides a light, crisp pull. The rifle is built on Savage's time-tested 110 platform but with a modern design and improved ergonomics.

A rugged synthetic stock holds the 20-inch, medium contour, carbon steel barrel, which features iron sights and is threaded for a suppressor. Its oversize bolt handle allows for fast followup shots, and the detachable box magazine never catches on brush in the tangled thickets where hogs love to hide.

Features & Benefits

- Adjustable length-of-pull
- User-adjustable AccuTrigger
- New Model 110 design and ergonomics
- Detachable box magazine
- Threaded barrel
- Adjustable iron sights
