## **Savage 110 Storm Extends Hunters' Range and Conquers Extreme Weather**

**WESTFIELD, Massachusetts – February 21, 2018** – Savage's new Model 110 Storm allows hunters to conquer hunting's most punishing weather while extending their effective range. Shipments of these firearms are currently being delivered to dealers.

The rugged rifle's AccuFit system lets the shooter customize length-of-pull and comb height for comfort and consistency, and the user-adjustable AccuTrigger provides a light, crisp pull.

Together with the AccuStock, which secures the action three-dimensionally along its entire length, the 110 Storm provides the fit and function of a custom rifle—right out of the box. The rifle is built on Savage's time-tested 110 platform but with a modern design and improved ergonomics. Available in a wide variety of right- and left-hand models.
