Savage Introduces New Lineup of High-Performance 110 Tactical with AccuFit System

WESTFIELD, Massachusetts – June 14, 2018 – When the stakes are high, settle for nothing less than the extreme precision, unflinching performance and industry-leading adaptability of the new Savage 110 Tactical. Caliber options include 308 Win, 6.5 Creedmoor and 6mm Creedmoor. Shipments of these firearms are currently being delivered to dealers.

The 110 Tactical's revolutionary AccuFit system lets tactical and competitive shooters perfectly customize comb height and length-of-pull for the utmost consistency in all situations, while the user-adjustable AccuTrigger provides a light, crisp pull.

Together with the AccuStock, which secures the action three-dimensionally along its entire length, the 110 Tactical provides the fit and function of a custom rifle—right out of the box. It also features a suppressor-ready threaded barrel, a one-piece scope rail and 10-round detachable box magazine. Available in right- and left-hand models.
