## **New Savage 110 Bear Hunter Delivers Superior Stopping Power on the Toughest Big Game**

**WESTFIELD, Massachusetts – April 16, 2018** – The new 110 Bear Hunter from Savage delivers steadfast performance and superior stopping power against tough game and even tougher conditions. Shipments of these firearms are currently being delivered to dealers.

The 110 Bear Hunter's revolutionary AccuFit system lets shooters easily customize the length-of-pull and comb height for a personalized fit, while the user-adjustable AccuTrigger system offers a crisp, clean pull and prevents the firearm from discharging if jarred or dropped.

Together with the AccuStock, which cradles the action three-dimensionally along its entire length, the 110 Bear Hunter provides the fit and function of a custom rifle—right out of the box. Plus, its 23-inch stainless steel fluted barrel is button-rifled, fitted with an adjustable muzzle brake and cradled securely inside a Mossy Oak Break-Up Country synthetic stock.

### **Features & Benefits**
