Savage Unveils the Complete Package: 110 APEX Hunter XP

WESTFIELD, Massachusetts – April 15, 2019 – Savage is proud to introduce the 110 Apex Hunter XP, which pairs a Model 110 rifle with a 3-9x40mm Vortex Crossfire II scope that comes mounted, bore-sighted and ready to hunt. Shipments of these firearms have been delivered to dealers.

The platform provides accuracy and adjustability like no other package rifle thanks to the Savage AccuTrigger, thread- in headspacing, floating bolt head and precision button-rifled barrel. Plus, its length-of-pull can be quickly adjusted to fit any hunter for better comfort and consistency. The Crossfire II Dead-Hold BDC reticle makes it easier to place accurate shots at extended range, and the optic is securely mounted to a one-piece EGW 0 MOA rail.
