Deadly Duplex Dual Shot: Remington Announces Nitro-Steel Duplex

Lonoke, Arkansas – October 2, 2023 – [Remington Ammunition](#) is thrilled to announce the newest Nitro-Steel load, the [Nitro-Steel Duplex](#). The essential steel loads trusted by dedicated waterfowl hunters have now achieved unparalleled performance levels.

“Designed with the needs of avid waterfowl hunters in mind, we’re thrilled to announce the new Nitro-Steel Duplex,” said Remington’s Product Line Manager Ronnie Evans. “Big Green is working around the clock to produce the best shotshell ammunition available. Loaded with top-tier Remington components, Nitro-Steel Duplex serves as the ultimate waterfowl load of the season.”

Remington Duplex shells are loaded with a combination of two different sizes of steel shot, optimizing performance across all distances. The blend of high-velocity magnum steel payload creates concentrated patterns up close with the smaller shot, while the larger shot delivers robust impact nearby and sustains energy for longer distances.

Nitro-Steel Duplex offers peak performance with a choice of four different shot combinations, featuring 2x4 and 2x6 shot sizes available now.

Features include:

- Duplex™ Shot Load: Two shot sizes for deadly patterns at all ranges
- Nitro Velocity: Maximum velocity for true magnum-blended steel payloads
- Power Piston™ Wad: Tough, versatile wad cushions shot and performs across wide range of choke tubes
- Ultra Capacity Stealth Hull: High base, quality head and drab hull for less reflection
