## **Speer Ammunition Awarded Contract to Provide Duty Ammunition to Top Nordic Police Agencies**

**LEWISTON, Idaho – January 8, 2025** – Speer Ammunition was recently awarded the joint Nordic Police 9mm duty handgun ammunition contract for Speer 124-grain Gold Dot. The duty handgun contract will supply these agencies for up to seven years and includes police agencies in Norway, Sweden, Denmark, Iceland, and Finland.

“We have a long history with these customers, and we are extremely pleased with the renewal of this prestigious contract,” said VP of Law Enforcement, Government and International Sales David Leis. “This contract validates the high trust that international law enforcement agencies have with our extremely reliable and innovative product. Regarding dependability and terminal ballistics, Speer is the gold standard, and we are proud to continue to supply them with exceptional ammunition.”

The selected duty rounds utilize Speer Gold Dot technology, which has set an industry benchmark for both self-defense and duty use, earning the trust of consumers and law enforcement world-wide. The bullet features a pressure-formed lead core that is bonded to an extremely uniform jacket, a single atom at a time that virtually eliminates separation on impact for more retained weight and consistent penetration depths. The Gold Dot hollow-point design expands consistently through a full range of barriers. Reliable ignition and cycling are delivered thanks to sealed primers and nickel-plated brass.

Speer Ammunition can be found at dealers nationwide and online. For more information on all Speer products, visit [www.speer.com](http://www.speer.com).

### **About Speer**

Headquartered in Lewiston, Idaho, the brand has a long-standing reputation for making the world's finest bullets and in 1996 became one of the first U.S. ammunition manufacturers to achieve ISO 9001 certification for quality. The company manufactures a variety of bullets and cartridges for law enforcement, reloading and sporting

applications. Speer is an ammunition brand of The Kinetic Group, owned by CSG, a globally diversified industrial group based in Prague (Czech Republic).
