Federal Ammunition recently launched an all-new shotshell product line: Federal Master Class. This competition-level sporting clay load features a customized Podium wad that extracts peak performance from utilizing Federal's straight-wall hull, reliable primers, high-antimony lead shot, and select propellant.

Master Class offers a much better option than standard target loads for those who compete in Sporting Clays. It features high-quality components in an ultra-reliable two-piece straight-wall hull design and is offered in the most popular payloads and velocities for modern Sporting Clays competitions.
