Team Remington Wins Multiple NSCA National Championships

LONOKE, Ark. – October 28, 2025 – Team Remington's Turner Parcell and Brandon Powell finished their sporting clay season on top of the podium in several events at the 2025 NSCA National Championships.

Parcell, a college student at the University of South Carolina, was the Junior Main Event High Over All, and Powell claimed the High Over All in the All-Around event as well as the Sub Gauge High Over All title. The All-Around includes a combination of the Main Event, FITASC, and K Kup scores. Team Remington's Todd Hitch was second, and Braxton Oliver was third, with more than 600 shooters competing in the All-Around event. The 2025 Sporting Clay Nationals were held October 18 to October 26, 2025, at the National Shooting Complex in San Antonio, Texas.

"Team Remington's performance at this year's championship was impressive, from our roster of young guns to the team leader, Brandon Powell," said Christian Hogg, Director of Marketing for Remington. "Their performances are strong evidence of the trusted performance, consistency, and reliability of Remington's Premier shotshells every time they are loaded at a station, whether it be at your favorite club or at a high-level competition like a National Championship."

Team Remington placed shooters on the podium in multiple events, including Brandon Powell's High Over All in both the Super Sporting and the .410 Bore events. Powell bested a field of nearly 1,500 shooters to win the Super Sporting and just over 400 shooters when capturing the .410 Bore title. Powell also placed third place in the FITASC competition.

Besides the Junior Main Event High Over All, Turner Parcell also won the 5-Stand event High Over All, beating more than 660 entrants. Teammates Braxton Oliver and Todd Hitch finished in second and third, respectively, in the event. Turner had other finishes that placed him on the podium, including a Runner-Up finish in the 20-Gauge event. In the Junior category, Parcell was the Runner-Up in both the K Kup and Super Sporting events.

In the Lady Division, Team Remington's Madison Sharpe had third place finishes in both the Main Event and Super Sporting events. In the Veteran category, Wendell Cherry finished as the Main Event Runner-Up.

Team Remington competes and wins with Remington Premier shotshells. Top quality, consistency, and accuracy come standard when trap, skeet, or sporting competitors shoot the iconic Premier STS and Premier Nitro families of ammunition.

About Remington

From muskets to modern day, generations of hunters and shooters have trusted Remington ammunition and accessories. Loaded in Lonoke, Arkansas by American workers, our wide array of pioneering sporting and hunting ammunition promises to get the job done every time the trigger is pulled. Founded in 1816, Remington and America have fought and won wars, put food on millions of tables, and brought countless generations together at the range and in the field. We are proud of every round that rolls off our factory line. An ammunition brand of The Kinetic Group, owned by CSG, a globally diversified industrial group based in Prague (Czech Republic), Remington is bringing a renewed focus to ammunition, innovation, and quality – all while staying true to Remington's legendary heritage and stature as an American icon.
