“Big tasks sometimes call for short solutions—and our reintroduced 22 Short delivers just that,” said Dan Compton, Remington’s Rimfire Product Director. “It’s a perfect choice for varmint specialists and first-time shooters looking for a low-recoil, lower-noise round that still performs with confidence.”

Designed for versatility, the 22 Short is effective for everything from backyard plinking to close-range pest control. These cartridges provide a mild report for improved shooter comfort, and Remington’s proven rimfire manufacturing process ensures consistent accuracy and reliable function. The two available loads offer options for expansion or penetration, depending on the task at hand.

### **About Remington**

From muskets to modern day, generations of hunters and shooters have trusted Remington ammunition and accessories. Loaded in Lonoke, Arkansas, by American workers, our wide array of pioneering sporting and hunting ammunition promises to get the job done every time the trigger is pulled. At Remington, we’re here for everyone who loads a round of ammo into a handgun, rifle, or shotgun.

Founded in 1816, Remington and America have fought and won wars, put food on millions of tables, and brought countless generations together at the range and in the field. We are proud of each and every round that rolls off our factory line. An ammunition brand of The Kinetic Group, owned by CSG, a globally diversified industrial group based in Prague (Czech Republic), Remington is bringing a renewed focus to ammunition, innovation, and quality – all while staying true to Remington's legendary heritage and stature as an American icon.
