Remington's New Duck Club Steel Waterfowl Loads Now Shipping

LONOKE, Ark. – September 26, 2025 – Remington Ammunition is proud to announce the launch of Duck Club Steel, a new high-velocity waterfowl shotshell line built for performance and value. Modeled after Remington's proven Sportsman Steel, Duck Club Steel is now shipping to dealers nationwide and delivers reliable knockdown power at an affordable price.

"Duck Club Steel is designed for waterfowlers who want speed, performance, and options—without breaking the bank," said Ronnie Evans, Shotshell Product Manager at Remington Ammunition. "It's a versatile load that hits hard, patterns well, and comes in a wide range of shot sizes, payloads, and gauges to fit just about any blind setup."

Duck Club Steel features high-velocity steel payloads for consistent performance, even at longer ranges. Chambered in both 12-gauge and 20-gauge, and available in multiple lengths and shot sizes, this economical line gives waterfowlers a dependable edge for ducks, geese, and everything in between.

About Remington

From muskets to modern day, generations of hunters and shooters have trusted Remington ammunition and accessories. Loaded in Lonoke, Arkansas, by American workers, our wide array of pioneering sporting and hunting ammunition promises to get the job done every time the trigger is pulled. At Remington, we're here for everyone who loads a round of ammo into a handgun, rifle, or shotgun.

Founded in 1816, Remington and America have fought and won wars, put food on millions of tables, and brought countless generations together at the range and in the field. We are proud of each and every round that rolls off our factory line. An ammunition brand of The Kinetic Group, owned by CSG, a globally diversified industrial group based in Prague (Czech Republic), Remington is bringing a renewed focus to ammunition, innovation, and quality – all while staying true to Remington's legendary heritage and stature as an American icon.
