Remington Ammunition Expands Product Line Offerings for 2025

LONOKE, Ark. – February 27, 2025 – [Remington Ammunition](#) is expanding multiple product lines to offer new calibers for 2025. These line extensions include popular product families such as [Core-Lokt](#), [Core-Lokt Tipped](#) and [Core-Lokt Handgun](#). Big Green is also introducing [Performance WheelGun](#), a new optimized 22 Long Rifle ammunition designed for the old favorite revolver.

“In order to meet the evolving needs of shooters and hunters, Remington is expanding its caliber offerings and optimizing an old standby,” said Jesse Whiteside, Remington’s Vice President of New Product Research and Development. “We are committed to innovation and are thrilled to offer our customers even more choices in their ammunition selection.”

The extensions of these product lines demonstrate Remington’s continued commitment to expanding and evolving its product line to enhance the experience of shooters across the globe.

Core-Lokt

The Deadliest Mushroom in the Woods™, now available in .400 Legend and .300 Ham’r. Since 1939, more hunters have relied on Remington Core-Lokt than any other big game ammunition. The next iteration of the original controlled expansion bullet, these new 210 and 125-grain bullets are ideal for taking down big game from any distance.

Core-Lokt Tipped

Now available in a .300 Remington Ultra Magnum load, Core-Lokt Tipped offers proven on-game performance with improved accuracy and long-range potential. This 180 grain bullet features a polymer tip, Core-Lokt jacket and great accuracy. This combination of Core-Lokt Tipped technology and .300 Remington Ultra Magnum performance provides big game hunters with truer flight, flatter trajectory and devastating terminal energy when stalking their prey.

Core-Lokt Handgun

The Deadliest Mushroom is now handgun-ready in the classic .45 Colt caliber. Core-Lokt Handgun was designed to allow every pistol and revolver hunter the ability to shoot the ammo that has dropped more deer than any other since 1939. Fine-tuned for

handguns, these classic Core-Lokt projectiles feature a Premier® nickel case for the ultimate handgun hunting performance with true Deadly Mushroom expansion on big game. Featuring a large case capacity, .45 Colt's high muzzle velocity and on target performance has made it a go-to load for handgun hunters throughout history.

Performance WheelGun

Engineered to take your Revolver and Lever Rifle skills to the next level, Performance WheelGun is now available for 22LR. Performance WheelGun is designed with high-quality components and Remington Kleanbore priming that will not rust or corrode the barrel. Now available in widely popular 22LR for traditional revolver and lever rifle bullet styles, Remington Performance WheelGun continues to earn its reputation for trusted accuracy and performance.

About Remington

From muskets to modern day, generations of hunters and shooters have trusted Remington ammunition and accessories. Loaded in Lonoke, Arkansas by American workers, our wide array of pioneering sporting and hunting ammunition promises to get the job done every time the trigger is pulled. At Remington, we're here for everyone who loads a round of ammo into a handgun, rifle, or shotgun.

Founded in 1816, Remington and America have fought and won wars, put food on millions of tables and brought countless generations together at the range and in the field. We are proud of each and every round that rolls off our factory line. An ammunition brand of The Kinetic Group, owned by CSG, a globally diversified industrial group based in Prague (Czech Republic), Remington is bringing a renewed focus to ammunition, innovation, and quality – all while staying true to Remington's legendary heritage and stature as an American icon.
