

FOR IMMEDIATE RELEASE

Remington Ammunition Will Release a Multitude of New Ammo Options in 2025

LONOKE, Ark. – January 15, 2025 – [Remington Ammunition](#) announces six entirely new product lines and six new loadings in existing product families for 2025. The new product lines include the 22 Short, Core-Lokt Tipped Lever Gun, Duck Club Steel, Performance Wheelgun 22 LR, Premier Royal Flush and Standard V. New additions will be made to the Core-Lokt, Core-Lokt Tipped and Nitro Steel Duplex existing product lines.

For Rimfire, Remington is proud to reintroduce a 22 Short round, perfect for first-time shooters who want to gain confidence in firearms or varmint control specialists. The new 22 Short product line comprises a 27-grain hollow point and a 29-grain round nose option. The new Wheelgun 22 LR is designed for low noise output and optimal performance in any favorite 22 revolvers, and the new Standard V product line includes a 38-grain lead round-nose 22 LR made for economical plinking.

For Shotshell, the new Duck Club Steel product line comprises 12 offerings in 12 and 20 gauge and is an economical and versatile option designed for all waterfowl applications, available in various lengths, payloads, and shot sizes. The new Premier Royal Flush product line comprises seven 12-, 16-, and 20-gauge offerings. This new line is the ultimate shotshell load for all upland game birds and is available in a variety of different lengths, payloads, and shot sizes. Nitro Steel Duplex will get three new 3-inch 20-gauge loadings featuring two sizes of steel shot, helping to create dense patterns that carry their energy farther.

New for Centerfire Rifle, the Core-Lokt Tipped Lever Gun product line is engineered to maximize performance in lever-action rifles and is available in six cartridge options. With it, lever-gun enthusiasts now have the advantages associated with a polymer tip bullet. In addition, Core-Lokt Tipped will now be loaded in 300 Rem. Ultra Magnum, and the tried-and-true Core-Lokt will now be loaded in 300 Ham'r and 400 Legend. Core-Lokt's tapered copper jacket is locked to a lead core that delivers maximum weight retention and penetration on game.

These all-new products will be showcased and on display at the 2025 SHOT Show, January 21–24 at the Venetian Expo and Caesars Forum in Las Vegas, Nevada. Attendees of the show are encouraged to stop by Booth No. 11838 for a first-hand look

at these new products and more.

Information about the 2025 new products can be found on Remington's brand website soon after the SHOT Show. Sign up to receive exclusive access to online promotions and news via email by visiting [Remington - Sign Up](#).

About Remington

From muskets to modern day, generations of hunters and shooters have trusted Remington ammunition and accessories. Loaded in Lonoke, Arkansas by American workers, our wide array of pioneering sporting and hunting ammunition promises to get the job done every time the trigger is pulled. At Remington, we're here for everyone who loads a round of ammo into a handgun, rifle, or shotgun.

Founded in 1816, Remington and America have fought and won wars, put food on millions of tables and brought countless generations together at the range and in the field. We are proud of each and every round that rolls off our factory line. An ammunition brand of The Kinetic Group, owned by CSG, a globally diversified industrial group based in Prague (Czech Republic), Remington is bringing a renewed focus to ammunition, innovation, and quality – all while staying true to Remington's legendary heritage and stature as an American icon.
