Team Remington's Powell Continues NSCA Summer of Dominance

LONOKE, Ark. – September 9, 2025 – Team Remington's Brandon Powell racked up his third NSCA Regional Main Event title in 2025. Powell claimed the High Over All in the Western Regional held at the Rock Creek Ranch in Emmett, Idaho. The competition drew nearly 500 shooters to the scenic Little Trapper Club just outside Boise, ID and ran from August 25-31, 2025.

Powell's summer of superiority started with wins at both the Northeast Regional in Ohio and North Central Regional in Wisconsin before the latest victory in Idaho. Unlike the ranges in Ohio and Wisconsin, the Idaho terrain, lighting and elevation brought a different set of challenges that tested shooters.

"I think overall the terrain is beautiful and this is one of the prettiest locations I've ever shot," said Powell. As to the challenges, Powell points out the 4,500 feet of elevation factored into overall performance. "I think depth perception, stuff below your feet, the hills, and some birds were tough to see based off the background and terrain," continued Powell. "To shoot good here, you need to be better at reading targets, what they are doing including the distance, speed, and angles of the targets."

Besides the High Over All Main Event title, Powell also won two other events at the weekend competition. Powell defeated more than 400 shooters to win the Scheels Prelim event, and he bested 384 shooters to earn the High Over All in the Super Sporting Event, two targets better than teammate Madison Sharpe.

Team Remington sponsored shooters figured out the courses as Todd Hitch won the High Over All in the FITASC event. He won the shoot-off over four others including teammate Braxton Oliver, who finished third. Turner Parcell won the Main Event Junior title. Madison Sharpe was the High Over All in the True Pairs event, winning in a shoot-off. Braxton Oliver was third in True Pairs. Madison finished as the Lady Main Event Runner-Up and Lady Preliminary Runner-Up.

Team Remington competes and wins with Remington Premier shotshells. Top quality, consistency, and accuracy come standard when trap, skeet, or sporting competitors shoot the iconic Premier STS and Premier Nitro families of ammunition.

About Remington

From muskets to modern day, generations of hunters and shooters have trusted Remington ammunition and accessories. Loaded in Lonoke, Arkansas by American workers, our wide array of pioneering sporting and hunting ammunition promises to get the job done every time the trigger is pulled. Founded in 1816, Remington and America have fought and won wars, put food on millions of tables, and brought countless generations together at the range and in the field. We are proud of every round that rolls off our factory line. An ammunition brand of The Kinetic Group, owned by CSG, a globally diversified industrial group based in Prague (Czech Republic), Remington is bringing a renewed focus to ammunition, innovation, and quality – all while staying true to Remington's legendary heritage and stature as an American icon.
