

FOR IMMEDIATE RELEASE

## **CCI's New Blazer Brass Clean-Fire Suppressor Now Shipping**

**LEWISTON, Idaho – February 23, 2026** – CCI Ammunition is proud to announce its all-new Blazer Brass Clean-Fire Suppressor, a new product line engineered to deliver optimal performance through suppressed handguns and carbines. Featuring subsonic velocities, Total Metal Jacket bullets, and lead-free primers, Blazer Brass Clean-Fire Suppressor ammunition is now shipping and currently being delivered to retailers nationwide.

### [Blazer Brass Clean-Fire Suppressor](#)

“Suppressor shooters want ammunition that runs clean, performs consistently, and minimizes maintenance,” said Senior Product Line Manager Chris Laack. “New Blazer Brass Clean-Fire Suppressor delivers reliable subsonic performance while significantly reducing fouling in both the barrel and suppressor.”

Features include subsonic Clean-Fire loads with Total Metal Jacket bullets and lead-free primers designed to reduce heavy-metal fouling. Shooters will also benefit from less barrel and suppressor residue for easier maintenance, along with loads that meet power-factor requirements for competitive shooting.

**About CCI Ammunition**

Dick Speer founded Cascade Cartridge, Inc. in 1951 next to the Snake River in Lewiston, Idaho. The company manufactured and marketed centerfire primers for government use in its infancy. CCI now develops them for sporting applications and is the world leader in rimfire products. The company also produces industrial powerloads and Blazer ammunition. CCI is a brand of The Kinetic Group, owned by CSG, a globally diversified industrial group based in Prague (Czech Republic).
