

FOR IMMEDIATE RELEASE

## **Federal's New Champion Training 9mm Handgun Loads Now Shipping**

**ANOKA, Minnesota – March 31, 2026** – Federal Ammunition is currently shipping several new Champion Training handgun loads. Built for volume shooters who demand consistent accuracy and reliable function at an affordable price, these new options are now being delivered to retailers nationwide and expand the existing Champion handgun product line.

### [Champion Training](#)

“Champion Training loads are designed to give shooters the dependable performance they need for high-volume range time,” said Federal’s Handgun Product Manager Chriss Laack. “With quality components and consistent results, these new additions make it even easier for customers to stock up on trusted training ammunition across the most popular handgun calibers.”

Federal Champion handgun loads provide accurate, target-grade performance and are loaded with reliable brass and primers to ensure consistent ignition and smooth cycling. Ideal for target practice and training, Champion delivers the kind of dependable performance shooters count on at a price built for frequent range use.
