Team Remington's Brandon Powell and Madison Sharpe Win Top Honors at the 2026 Southeast Regional Championships

LONOKE, Ark. – June 10, 2026 – [Remington Ammunition](#)'s Brandon Powell won his second consecutive NSCA regional championship with another stellar performance at the 2026 NSCA Southeast Regional. Following his win at the Northeast Regional in May, Powell continued his excellent shooting at challenging courses with a deep and competitive field of shooters. Powell last won the Southeast Regional in 2024. Madison Sharpe was the Lady Champion, taking top honors in both the Main Event and Prelim. The championship had 706 shooters and was held at the Quail Creek Sporting Ranch in Okeechobee, Florida, June 3-7, 2026.

"Overall, I shot steady, and the event organizers did an excellent job of throwing the targets," says Powell. "The targets were some of the hardest we shot all year and might be the most difficult we will shoot for the rest of the year. These Regionals dictate and pick who is going to shoot for Team USA and represent our country when we compete overseas. Proving you can shoot hard targets is a big thing for the sport, and the difficulty level was definitely there," he said.

Besides the Main Event title, Powell also won the Pro Challenge event, among top finishes in other events as well. Additional members of Team Remington also won individual events, including Braxton Oliver winning High Over All in the Super Sporting and Sporting Lite Prelim.t. Todd Hitch earned Runner-Up honors in the 5-Stand event, with Michael Luongo capturing third in a field of 364 shooters. Luongo won the Adio Cup and had podium finishes in the sub-gauge-specific events. In addition to the High Over All in the Lady Main Event, Madison Sharpe also won the Prelim and Sporting Lite titles.

"Brandon and Madison have been dominant domestically this year with championship performances at top sporting clay events, which I am sure will lead to top performances at international events throughout the year," says Jason Nash, Remington's Vice President of Marketing. "We congratulate them and the rest of Team Remington on these outstanding performances," he said.

Team Remington competes and wins with Remington Premier shotshells. Top quality, consistency, and accuracy come standard when trap, skeet, or sporting competitors shoot the iconic Premier STS and Premier Nitro families of ammunition.

Remington Ammunition products are available at dealers nationwide and online. For more information on Remington ammunition and to sign up for product news and special offers, visit www.remington.com.

About Remington

From muskets to modern day, generations of hunters and shooters have trusted Remington ammunition and accessories. Loaded in Lonoke, Arkansas, by American workers, our wide array of pioneering sporting and hunting ammunition promises to get the job done every time the trigger is pulled. At Remington, we're here for everyone who loads a round of ammo into a handgun, rifle, or shotgun. Founded in 1816, Remington has played a significant role in American history, fighting and winning wars, providing food for millions, and uniting countless generations at the range and in the field. Remington is proud of every round that rolls off the factory line. An ammunition brand of The Kinetic Group, owned by CSG, a globally diversified industrial group based in Prague (Czech Republic), Remington is bringing a renewed focus to ammunition, innovation, and quality – all while staying true to Remington's legendary heritage and stature as an American icon.
